

Volume Twenty-Seven

Haruspex

All sounds on this CD were recorded by Charles Rice Goff III alone and alive in the Taped Rugs studio in Kansas City, Kansas. They are presented here in their original forms without the addition of effects nor overdubbed materials.

Goff recorded the 56-minute improvisation presented on *Haruspex* on March 5th, 2011. The sonic atmospheres build, evolve, fade, and dissipate in several stages as Goff's moods are reflected through manipulations of electronics. Goff employed the collection of instruments and non-instruments listed below to create this improvised composition:

Korg R3 Vocoder/Synthesizer
Yamaha TG33 Tone Generator
Voice
Boss RC 20X Loop Station Loop Duplicator
Electronic Sound Generators (Toys)
Animal Calls
Diane The Mannequin Hand
